## Education

### Indian Institute of Technology, Kanpur

BTECH IN COMPUTER SCIENCE AND ENGINEERING

- Cumulative Grade Point/CGPA: 8.6 out of Max 10.0 (Currently)

Kanpur, India

Jul. 2018 - Apr 2022 [Expected]

### Sri Sri Academy

SECONDARY SCHOOL

- Indian School Certificate Examination, ISC: 97.5(percentage)
- Indian Certificate of Secondary Education, ICSE: 97.4(percentage)

Kolkata, West Bengal

April 2010 - April 2018

### Assembly of God Church School

PRIMARY SCHOOL

Kolkata, West Bengal

April 2003 - April 2010

## Skills

### Programming Languages

Python, Java, JavaScript, C, C++, Haskell, Octave, R, Erlang, Julia

### Web Development

HTML, CSS, Javascript, Django, React, MySQL

### Utilities

Git, Matlab, Latex, Docker, Travis, Bash, Photoshop

## Projects and Experience

### Rotary Club

DATA SCIENCE TEAM MEMBER

- Studied the history of polio in the world and the possibilities of it being caused again in India.
- Developed a framework which would predict the future of Polio in India and help Rotary Club in efficient resource allocation in various parts of India to eradicate polio.

Consulting Group, IIT Kanpur

December 2018 - January

### A Study in GANs

MENTOR - AVIK PAL AND ANIKET DAS

- Studied Neural convolutional neural networks in depth and implemented special architectures (ResNET, DenseNET, VGG, etc) using Pytorch framework .
- Did a basic literature survey on Generative networks and then studied GANs , implemented basic GANs and DCGANs on MNIST and CIFAR-10 dataset using Pytorch and TorchGAN(Framework for training of GANs).
- Implemented Class Conditioned GANs like CGAN, ACGAN and InfoGAN on CelebA , FashionMNIST and Anime dataset and compared the results using different losses and metrics .
- Implemented Style Transfer GANs like DiscoGAN, CycleGAN and StarGAN on CelebA dataset using Pytorch and TorchGAN .
- Implemented special GANs like SRGAN and SAGAN .
- Tried implementing a YAML parser and dataloader for TorchGAN Framework.

Association of Computing  
activities(ACA) , IIT Kanpur

January 2019 - July 2019

### Reinforcement Learning and its applications in Atari Games

MENTOR - KUSHAGRA GUPTA

- Studied basics of Reinforcement Learning through David Silver Lectures and few portions of Sutton and Bartol's book on Reinforcement Learning
- Solved Dennybritz's exercises of Reinforcement Learning on topics Dynamic Programming, Monte-Carlo Learning , Temporal Difference Learning , Value Function Approximation , SARSA , Q-Learning and Policy Gradient methods .
- Implemented DQN and A3C reinforcement learning algorithms on Breakout and Pong Atari Games and trained the models to a decent level and then compared the results.

Stamatics, IIT Kanpur

January 2019 - April 2019

### Haskell Scrabble Solver

MENTOR - ADITYA GULATI

- Learnt the concepts of functional programming through Haskell, one of the most widely used functional programming languages .
- Deep dived into the concepts of Type theory, Currying , Recursion, Immutability, File Systems, Pattern Matching and Laziness of Haskell
- Made a Scrabble Solver in Haskell ( A Two Player version and a PlayWithComputer version) which used Lexicographical Search, Regex-type functions(written from scratch) and Quick Sorts as the major algorithms .

Programming Club, IIT Kanpur

January 2019 - August 2019

## Probabilistic Machine Learning

Programming Club, IIT Kanpur

MENTOR - ANIKET DAS AND YATIN DANDI

May 2019 - August 2019

- Deep dive into Probability distributions (specially Gaussians), Bayes Theorem, Information theory and the major differences between Frequentist and Probabilistic approach of machine learning
- Studied and implemented Bayesian Linear Regression (on Boston House-price Dataset), Expectation Maximization algorithm (on MNIST dataset), Probabilistic Principal Component analysis (on MNIST dataset) and Variational Inference (On Boston house-price dataset)
- Deep dive into Bayesian Matrix Factorization and implemented Recommender system Probabilistic Bayesian Matrix Factorization using Gaussian and Poisson priors on MovieLens-100K dataset and then compared the results.
- Implemented Online EM algorithms (Incremental and stepwise) and compared their results with batch EM algorithm. Also studied about Stochastic Variational Inference in brief.
- Studied about Advances in Variational Inference like Black Box Variational Inference and the tricks used to reduce its variance. Implemented Variational Autoencoders on MNIST dataset and compared the results using the reparameterization trick.

## Voting App using blockchains

Microsoft Codefundo competition

MICROSOFT, HYDERABAD

August - September 2019

- Learnt blockchains and the cryptography behind the security of blockchains.
- Made a voting app using Microsoft Azure Blockchain services for a more secure election and stood 2nd in IIT Kanpur.

## Generative models for dental crown restorations

Prof Arnab Bhattacharya

IIT KANPUR

August 2019 -

- Collected a dataset of crown images and their CAD drawings from a hospital and performed its preprocessing
- Studied deep generative models (like pix-to-pix networks) which may help in this domain and are implementing a CGAN type model (having pix-to-pix network architecture) and a functional loss which would help in accuracy of the generative model for dental crown restorations.

## Relevant Courses

---

- Calculus and Analytical Geometry (MTH101)
- Linear algebra and ordinary differential equations (MTH102)
- Mathematics for Computer Science (CS201) (Currently running)
- Data Structures and Algorithms (ESO207) (Currently running)
- Introduction to machine learning (CS771) (Audit and Currently running)

## Achievements

---

2019	<b>Academic Excellence Award</b> , For exceptional Academic performance in freshman year	IIT Kanpur
2018	<b>All India Rank 198</b> , Joint Entrance Examination Advance, 200,000 candidates	India
2018	<b>All India Rank 379</b> , Joint Entrance Examination Mains, 1.5 million candidates	India
2017	<b>KVPY Scholarship Awardee</b> , Indian Institute of Science Bangalore, India	India

## Positions of responsibility

---

### Programming Club

IIT Kanpur

SECRETARY

April 2019 - present

- Responsible for conducting activities and competitions for campus community and conducting lectures and workshops on different topics for interested students.
